Award winning, freelance

**Location Audio Mixer, Director of Photography/Video Photographer,  
Underwater Videographer and Documentary Film Maker**

With over 10 years experience.

## **OBJECTIVE:**

Experienced location/studio audio mixer and cameraman looking to utilize my expertise in all aspects of the production industry.

## **EXPERIENCE:**

**March 1999-present:** Freelance Location Audio Mixer, Videographer and Underwater Videographer working primarily in the western markets with experience worldwide.

### **Location Audio Mixer:**

Extensive experience in fast-paced, "run and gun" productions with all applicable equipment; as well as excellent working knowledge with the setup and use of studio audio equipment. Familiar with 2 to 12-channel soundboard, microphones, loudspeakers, audio recording devices and related technology. Broad knowledge of recording studio operations and television news broadcasting experience. Strong work ethic, highly motivated, prompt, courteous, presentable, professional and self-disciplined.
